Re : Lehman Brothers Holdings Inc., et al. (08-13555 (JMP))

I, K. Norimatsu, of the clamant of the above cases from Kobe-city, Japan seem to win these cases in position of 21 companiese Equity Interests.

As I've been directed to check www.lehman-docket.com and others, so I've looked out your company in those issues recently.

If you could recognize me as the founder of Lehman Brothers Holdings Inc. and those affiliates companies, please remit the principal amount outstanding or the current outstanding amount to me in the way of hereunder detailed by all Japanese currencies absolutely.

[Your company's direction]

If your company had the relation of capital to the one of 21 companiese, the attached company' s list, it might be better to cancel the relation of capital.

Because I have been proposed to purchase these all 21 companiese by

Deutsche Bank Securities Inc..

I think that your company will be better not to bring those securities to New owner's.

It may true that your company doesn't have the relation with the one of 21 companies.

Anyway the solution of avoiding the situation is to exist as the company of holding those securities as mentioned in that article, I think.

Actual work is to sell your stock to me immediately.

Please make sure the percentage of stocks of your company to sell to me.

Therefore please inform to me the your parent company's details by registered airmail or air courier absolutely.

And the remittance is also important matter between us.

Moreover please send the hardcopy of the article of the above internet site dated July 26, 2011, August 11, 2011, October 3, 2011, and April 11, 2012.

The remittance should be divided several times —max 12 times—because of large sum.

Would you please refer my account information hereunder ?
